**DETAILED ACTION**

***Claim Rejections - 35 USC § 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1, 2 and 17 are rejected under 35 U.S.C. 102(b) as being anticipated by Fischer (2805201).

Fischer teaches a composition which comprises an ethanolamine of a dimerized vegetable oil (linoleic acid), a mineral oil (kerosene) and anionic wetting agent (see examples IV and VIII). Applicants intended use does not distinguish over the prior art.

3. Claims 3-7, 19 and 25-27 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

4. Claims 11, 12, 14-16, 18, 20, 21, 23, 24, 31-33 are allowable over the art of record.

5. Applicants amendment has overcome the prior rejections. A new rejection is presented in this action.
